» Privacy & Terms of Use (Last Updated: July 6, 2015). Walkthrough/FAQ. » Youtube » March 31, 2014. Hey guys, for those of you who want to play Age of Empires: The Age of Kings on your PSP, a new Portable Edition of the game has been released.,Q: Chronometer how to get current time before the start of activity? I am working on a chronometer app in which i need to get the current time by clicking on the start of the chronometer activity. I am not getting the time of the chronometer activity when onStop() gets called. Kindly provide some help on this matter. A: getTime() in Chronometer doesn't change as soon as onStart() is called, so you need to update the value of Chronometer whenever the Chronometer has a chance to be shown, by calling notifyDatasetChanged() on the Chronometer. On top of that, it is not guaranteed that Chronometer will be shown at all times. so you need to update chronometer whenever the Chronometer might not be visible, by calling update() on the chronometer. I'm not sure if you're aware, but Heroica is A-OKAY. ~~~ abalone Sounds like a new kind of homebrew game. What are you creating? ~~~ fennecfoxen A link to a write-up on it: [look-at-h...](heroica-my-little-rogue-a-roguelike) Thing is, it's an indie game. It was started by a 19 year old boy (yeah, I know) this summer. with the plan of just doing a weekend hackathon and releasing it. It was supposed to be a game (a roguelike game with roguelike elements) that was relatively easy to learn, but pretty deep and challenging for players to master. Turns out it is both, but the concept has legs. There's a Kickstarter campaign going on at the moment too, which is apparently doing really well for a game in such

How can we install an msi file in wine? The file is too big for me to download it and install it via Wine. A: You can just double-click it and it will open in wine. Edit: Even a normal executable file will open in wine. Just double-click it from a terminal or what ever program you prefer, and if you right-click it to get to properties, you can see the "open with" option. , you mean? EDIT: As @Daniel pointed out, you can also use the connect method of iris in your example to add the data as labels to the map: var iris = new iris.FeatureCollection([{ 'type': 'Feature', 'properties': { 'foo': 'bar' }, 'geometry': { 'type': 'Point', 'coordinates': [0, 0] } }, { 'type': 'Feature', 'properties': { 'foo': 'bar'
