Welcome to the stars. The universe is abundant with possibilities. Lemuria: Lost in Space, is a unique adventure full of mysteries, puzzles and shocking discoveries. It's a combination of point and click adventure, RPG and survival game. Explore over 100 rooms of the spaceship, solve dozens of puzzles, find valuable resources and fight with security turrets and other enemies patrolling the ship; Uncover the story of the lost crew of Lemuria 7. The ship has been missing for over 70 years - find out what exactly happened to them; Acquire new skills allowing you to hack computer terminals or even the spaceship network to avoid fighting with patrolling robots; Challenge yourself in demanding mini-games that will test your logical thinking and maths skills; Feel the unique atmosphere of the abandoned spaceship with the original soundtrack, composed by Ree-D. Play now - free demo available. The Lemuria 7 spaceship has been missing for over 70 years. Now it is back in the Solar System, however there are no crew members on it. It's also unclear how the Lemuria 7 has returned and why it has been seriously damaged. In Lemuria: Lost in Space, you play as Abrix - the robot with AI that may operate in extreme temperatures, high levels of radiation and that yields weapon and hacking modules in order to explore the whole ship. Abrix has an ability to overrun security systems. The unique hacking mini-game will challenge your math, geographic and logical thinking skills. There is no time to check Wikipedia - every mistake costs you valuable resources! Abrix has a special software that allows him to upgrade himself during the mission. You need to be very careful - if you run out of batteries or an anti-radiation cloak, the mission is aborted and the game is over. In order to explore over 100 rooms of the spaceship, you'll need to solve dozens of puzzles, find valuable resources for the robot and fight with security turrets and other enemies patrolling the ship. Solving puzzles not only rewards you with priceless resources, but also uncovers the story of the lost crew of Lemuria 7. The level of challenge depends on difficulty - so choose wisely or you'll need to start from scratch. The game demo is available now! FAQ Q - What is the difference between this game and original "Lemuria: Lost in Space"? A - VR edition is remastered in many ways and now it contains: - Free first person movement

Last updated on. From the section Rugby Union England's run in the Six Nations has been blighted by injuries England have suffered two injuries to their World Cup hopes during Saturday's 34-13 defeat by Ireland in Dublin. Fly-half Owen Farrell, 26, is ruled out for four to six weeks after suffering a cruciate ligament injury to his left knee. Corner-back Mike Brown has a fractured cheekbone, the extent of which is unknown. "Mike came on after 20 minutes as a replacement and looked sore and knocked out for a period of time," said head coach Eddie Jones. "He went back to the changing room and reported the injury to me. "He was in tears as he came out and he has looked a mess. It is a big blow for us but we will get someone back there soon. "With Owen it is a huge loss." O Farrell's international career began with the RFU staff and was subsequently promoted to academy level before being capped by the national side in 2016. After gaining three caps, he missed England's autumn internationals as well as the Six Nations in order to be at the World Cup. Brown started his career at Leicester Tigers before joining Saracens in 2012 and going on to make 176 appearances for the English club. Jones added: "We will manage it the best we can. Our aim is to win the World Cup in Japan and it will not change. "We want to focus on playing
