“Player movements and animations are more in-depth with more realistic detail, and lead to faster decision making, more fluid and more varied gameplay. We’ve also included many more new features to help players perform their unique skills and prove their abilities,” said Alex Mueller, FIFA Senior Producer, on the recent FIFA FIFAWorld Cup final victory celebration. “The new Fifa Ultimate Team features also include more visuals than ever, with the team jerseys getting a new look which uses a new pattern. FIFA Points players can get the new Adidas Kits, and even outfits themselves with FIFA Ultimate Team personality styles and items. We’re also unveiling a brand new video player on Xbox One, which presents any content from your Queue in a live-streamed video format, so you can start streaming new content to your friends right away.”

New Features FIFA FIFAWorld Cup Finals - FIFA FIFAWorld Cup Finals is an exciting esports event where gamers compete in a tournament to become the ultimate football (soccer) player. It features a swiss-style knockout stage where every match is best of three, and ends with an epic FIFA FIFAWorld Cup final grand final. For the final match, all matches played up to that point are played first, before the game starts. This allows players to experience a global audience like never before, facing the best football (soccer) players in the world.

Controller Double-Stick Mode - The all-new Controller Double-Stick controls improve the precision and speed of attacking and defensive play, making players feel more in-tune with the ball.

PES 2018 Mode New Team Features MyClub - MyClub gives gamers the opportunity to own, train and compete in the world's most popular football (soccer) clubs. The MyClub features introduce new teams like AI-controlled squads, new new real-world partners, and new kits and player appearances.

Live Scores: with the new Fifa FIFAWorld Cup Final victory celebration, fans can watch the all-new FIFA FIFAWorld Cup Finals live on their Xbox One, and the MyClub will always show the match's most recent live match stats.

Player Marketing: MyClub will now allow gamers to earn badges and coins from playing matches, and to purchase player items through the Player Marketplace.

Player Skills: MyClub now allows gamers to train on new

FIFA is the world's premier association football game and has been since its first release in August 1993. Consistently topping charts in over 120 countries, FIFA is a long-running series of sports video games developed and published by Electronic Arts. The latest instalment in the series was FIFA 19, released in September 2018. Every four years, the FIFA series marks the anniversary of the sport by releasing a new installment of the game. The most recent iteration, FIFA 19, was released in September 2018 and set a new record for all time sales on the day of its release. Players take on the role of the players during each match, choosing to lead their country during their time on the pitch. Players progress through a series of gameplay modes, including an international ranking system, friendlies, exhibition matches, and a series of FIFA Clubs. FIFA is one of the most popular video game series of all time, and is the first gaming series in sports history to sell one billion units across all platforms. What is FIFA Ultimate Team? FIFA Ultimate Team is a collectible card game that allows players to take the role of a player in the world's most popular soccer game and build the dream team. The team can play online and against friends, representing the player as a real-world squad. The player chooses the line-up, buys the players, and forms their team. Players can purchase packs of players known as FIFA Packs and sell them for real-world money. The proceeds from these sales are added to a virtual bank that can be used to purchase players in packs or in a monthly salary transfer market. FIFA Ultimate Team is the largest player vs. player online community in video games and is available on all platforms. The game has over 63 million players in over 190 countries, and over 10 million packs are sold each month. What is Football Manager? Football Manager is the most popular and respected football management game in the world, revolutionising the football industry by empowering players to take control of a club. Released in 1991, the first Football Manager was an unrealised dream that would become a reality 25 years later. The game allows players to build their club from the ground up, recruit and manage a team of real players, and compete in matches against other managers. Players work to improve their football club by buying players, training them, and winning matches. Players can also progress and unlock trophies through their club's historical legacy
