Focus One Mind Crack+

Focus One Mind 2022 Crack is a reliable program that enables you to block certain applications or websites in the specified time interval. The software is dedicated to helping you focus on your work or create a safe environment for your children while you are away from home. Restrict the access to processes and websites Working on your computer all day long can be distracting due to the easy access to the Internet and websites such as social networks, media, news or other pages of interest. Focus One Mind can help you block these distractions, as well as many other applications, in order to be able to focus on your work. Its functionality principle is simple: you can create a profile (for

example "work"), set the processes/websites you wish to block and the time interval in which you need to focus. For instance, you can cut off the access to Internet browsers or simply to certain websites from 9 A.M to 1 P.M. Profiles, whole day events and reminders Creating several profiles allows you to start blocking applications/websites with a single click. Moreover, you can pause or stop Focus One Mind's function at any time, in case you wish to take a break. A custom key phrase is required, for verification, whenever you make a change in the process. The whole day events are those occurrences when you wish to block the access to websites or applications for the entire 24 hours, without interruption. You may easily select the days of the week, for recurrent program blocking. The reminders can easily be set, for any type of event, listed in the profile or not. Auto shutdown function Aside from blocking certain programs or websites, Focus One Mind can also automatically shutdown your computer, based on a preset schedule. This function is recurrent, by default: you can select the weekdays, the time, set a reminder, enable audio alarms and the requirement of the key phrase for cancelling.
